FIRST LIMITED EDITION PHOTOGRAPH
by
Budd Watson

This photograph, entitled "Two Trees", was especially taken and one print created for each of forty-seven very special people.

These people not only gave me their moral support during the lengthy acquisition of my new gallery but also loaned me money at very special terms.

One additional print was produced, will be numbered as a "proof" and will be displayed in the gallery with a list of the names of these people as a token of my sincere appreciation for their assistance.

If my photography can, to any degree, improve the appreciation of this great land of ours, or the marvels of Mother Nature, then perhaps some day I will be able to look back and feel that all the hard work and struggle was worthwhile.

Thank you for your faith in my photography.

Yours sincerely,

A handwritten signature in blue ink that reads "Budd". The signature is written in a cursive, flowing style.
